## COE: ARTEMEST

"Artemest was born to arouse and celebrate a desire for beauty in our everyday lives.

We have traveled throughout Italy to bring connoisseurs everywhere wonderful handmade products crafted by exceptional artisans.

Explore the varied worlds of furniture, lighting, home décor, and lifestyle as they change in character from region to region, and observe each artisan in his workshop as he describes his process and worldview.

From Venice to the Amalfi coast, from Florence to Milan experience the history of ancient traditions through the passionate eyes of our creators and delight in their talent, genius and flair."
